The Robertson Circle Year in Review 2009

St Cuthbert's has a fine tradition of philanthropy but we don't come up against a year as difficult as 2009 very often. Globally and nationally the economic climate was challenging and knowing that our families would not escape these difficult times the College was mindful about our approaches for support to the Robertson Circle.

Despite this difficult year we have been encouraged by the committed College family members who have risen to the challenge of the times enabling us to grow the support to the Robertson Circle by 27 new members and just over \$600,000. Our philanthropic needs are many. The Scholarship programmes at the College attract stunning girls who bring talent, diversity and a special commitment to life here. Kahunui continues to go from strength to strength in the delivery of its unique learning experience and the building of our long planned for new Performing Arts Centre will start shortly. All these projects need support to ensure their ongoing success and I'd like to welcome and thank those new members who, with their generosity, have joined our current members in the quest to achieve this.

The Robertson Circle Patrons are a small group of committed parents who work to encourage support to the College. We are indebted to them for the hours of their personal time and for the passion they hold for a St Cuthbert's education.

At the end of 2009 there was, once again, a year group of high achieving, well balanced, happy young women that graduated from the College. Every Fund in the Robertson Circle played a part in their results that were among the highest in the country. It is this goal of '*creating remarkable futures*' for the girls that inspires the investors of the Robertson Circle.
