

Trumpet Starter Group 2012

In Term 1 of 2012 we will be offering group tuition on trumpet for students wishing to begin lessons on this instrument.

In order to maintain a balance of instruments in our College ensembles we offer "Starter" groups which provide a term of free group lessons. In 2012 these free "Starter" classes will be held in Term 1. After this, students will be encouraged to continue lessons through the Itinerant Music Lessons Programme.

At the conclusion of the term's lessons, students are encouraged to enrol in private lessons.

It is not necessary to have played an instrument before, but competent pianists, recorder players and flautists make rapid progress.
