

**Making
girls
amazing**

**Making Girls Amazing —
is our commitment to each girl,
and to her parents.**

**With the very best teachers, facilities
and resources, and our philosophy that
each girl is an individual, she will have
every opportunity to be the very best
she can be.**

Principal — Ms Justine Mahon

She will be taught by world-class teachers who are innovative and understand how best to support girls...

She will have the camaraderie of girls who walk alongside her, and the support of girls who have walked before her — for life...

She will have every
opportunity to be her
most amazing self...

**She will leave with
confidence and self-belief...**

**She will be ready
for the future...**

Making

is an active word

it requires us to do, to
achieve our dreams.

Girls

our girls, past and present, are what
makes our school unique

understanding girls and how to teach
girls is at the heart of St Cuthbert's.

Amazing

is encouraging, positive,
and energetic

it captures the essence of what
we all want for our girls.

Making amazing scholars.
Making amazing athletes.
Making amazing artists.
Making amazing discoveries.
Making amazing friendships.

—
**It's amazing what
you will achieve.**
